

UBT TRACKFEST 2018

April 13-15, 2018, EDMOND, OK

United Blood Trackers is holding a three day **Blood Tracking Workshop on April 13-15, 2018**, at the Oklahoma Department of Wildlife Conservation Building at Arcadia Lake in Edmond, OK, which is on the north edge of Oklahoma City. This workshop is for both beginning and advanced handlers, as well as anyone else interested in learning more about the use of tracking dogs for the recovery of wounded big game.

United Blood Trackers will offer evaluations of tracking dogs at UBT-I, UBT-II, and UBT-III levels on Friday, April 13, 2018. To sign up and for more information about evaluation requirements go to our website www.unitedbloodtrackers.org. If you would like to enter a dog in any of the offered tests, preregistration is required, and you can register online.

On Saturday, April 14, we will be holding the popular Hit Site Evaluation Seminar. This simulation, with the use of a roadkill deer, will focus on determining where you have hit the deer, reading sign at the hit site as well as reading sign along the trail in order to develop the proper strategy for tracking that particular animal with or without a dog.

On Sunday, April 15, we will have a presentation on Canine First Aid in the Field.

Other topics that will be covered in this seminar are:

- * How to interview hunters before taking the call
- * The nature of scent
- * European tracking techniques
- * On lead and off lead tracking
- * The handler's relationship with a tracking dog
- * Equipment- what is in my tracking bag?
- * Line handling
- * GPS use and Phone Apps
- * Early conditioning of tracking dogs
- * Addressing problems in training and tracking

Demonstrations in the field will be focused on reading a tracking dog and improving handling skills.

The workshop instructors will be UBT Judges Andy Bensing (PA), Cheri Faust (WI), Larry Gohlke (WI), Jerry Gregston (OK), Cliff Shrader (LA) and other experts in the field.

Keynote speakers will be UBT Judge JJ Scarborough (MS) and Marianne Jacobs (Luxembourg)

Canine First Aid topic will be presented by Dr. Bryan Wright (OK).
